December, 2007

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on December 14, 2007.

	<u>\$/MM BTU</u>
January	7.025
February	7.153
March	<u>7.165</u>
Average	7.114

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the first quarter of calendar year 2008 is \$4.50/NT.
