

December 16, 2009

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on December 15, 2009.

	<u>\$/MM BTU</u>
January	5.523
February	5.578
March	<u>5.577</u>
Average	5.559

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the first quarter of calendar year 2010 is \$1.50/NT.
