September, 2007

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on September 14, 2007.

	<u>\$/MM BTU</u>
October	6.415
November	7.130
December	<u>7.816</u>
Average	7.120

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the fourth quarter of calendar year 2007 is \$4.50/NT.
