December 18, 2006

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on December 15, 2006.

	<u>\$/MM BTU</u>
January	7.409
February	7.486
March	<u>7.506</u>
Average	7.467

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the first quarter of calendar year 2007 is \$4.50/NT.
